ahmedbazy@gmail.com
Vienna- Austria

PERSONAL DETAILS

Date of Birth : January 27, 1990
Marital Status : Single
Nationality : Iraqi
Languages : Good English
: Fluent Arabic
: German (A1)

EDUCATION:

2011   **University of Mustansiriyah – Baghdad, Iraq**

- *Bachelor's Degree in Software & Hardware Engineering*

2011   **Internet and Computer Core Certification (IC3)**

- Computer Fundamentals (score: 822)
- Key Applications (score: 822)
- Internet & Online Skills (score: 889)

2012   **Al-Tabaa Computer Academy – Baghdad, Iraq:**

- *CCNA – Cisco Certified Network Associate*

2015 Study)   ***Intensive Course with web designing and developing (Self***

- *HTML-CSS-CSS3-Bootstrap-SASS-Javascript-DOM-BOM-JQuery-PHP-MySQL.*
- A1 first level of German Language with score of 95%.

2016-2017   **Learning more about web technology:**

- JSON-AJAX.
- *OOP-PostgreSQL database-Angular 2-* Slim micro framework for
- PHP- Restful API.
- Nodejs-Express-Multer-[GraphQL-DataLoader] as a javascript backend.
- Hexo framework for static web generator.

2018   **Real system applications:**

- Socket.io to build real-time applications.

RELEVANT PROJECTS:

➢ The design and implementation of an 8-channel Data Acquisition system (DAQ) using an ATMEL microcontroller [AT89C51 IC].

➢ Implementing the control of traffic lights through the use of a computer. Used an ATMEL microcontroller [AT89C2051].

➢ Implemented numerous flash banners for some Iraqi ministries with ALSCO company for software solutions.

➢ "AEG-Fees" database using Access. Done for Allied Engineering Group.

➢ "Banking-MSGs" database using Access. Done for Al-Rasheed Bank.

➢ The design & implementation of an alarm system for students using an 8051 ATMEL microcontroller that utilized multi-sensors and multi-action approach while enabling PC notifications.

➢ GEER-CMS under construction (90% completed) prototype available.

➢ X-REF Company for web designing and developing.

➢ Tour.js slider built with Javascript, passion, love. It has powerful features as API carousel or slider for all developers. More information see my github
https://github.com/AhmedBHameed/Tour.js

➢ IoT project: for QMETREX company show measurement of digital devices in a nice front-end form including curve analyzer for debugging issues using Angular 2

➢ (2017) Codiee: it is a Chatbot for facebook programmed to send number of messages after a period of time with the user expectation choice.

➢ (2017) Attendance : nice front-end project to check students attendance using Angular 4. It is directed to Refugees { Code }.
https://refugeescodeat.github.io/Attendance/

➢ (2018) WRU is a google map application to store points in to database and find the direction between two points (Application as demonstration).
https://nodeys.herokuapp.com/whereareyou

➢ Tic-Tac-Toy game with multiple players using nodejs, socket.io, Angular 5 as real-time playing experience. See the demo like and play it with another friend

WORK EXPERIENCE:

2012 - 2014   **Allied Engineering Group (AEG) – Baghdad, Iraq**

Position: Lead Banking Solutions Administrator

Overview: AEG provides banking solutions (software-based) which allow banks to complete a wide variety of tasks such as network administration, data collection, banking, and administrative tasks.

- Responsible for the installation of *all* banking solutions for our banking clients in the Iraq and regional area

- Administrated and maintained banking solution for client banks

2017-2018   Web technologies entrepreneur – Austria - Vienna

- Front-End (Angular) Freelancer at WisR company to build a platform for silver agers job matching.

- Volunteer tutor at Refugees { Code }. Teaching participants (Angular +2, JavaScript, TypeScript, Programming fundamental).

COMPUTER QUALIFICATIONS & SKILLS:

- ✓ *****Very well-versed in the embedded system of different integrated circuits***
- ✓ *****Vastly-experienced in circuit design software (Proteus, Multisim, etc.)***
- ✓ **Web Designer&Developer** using
  - **-** HTML,CSS,CSS3,SASS,Javascript,JQuery,Bootstrap,PHP,MySQL for more than 2 years.
  - **-** JSON-AJAX 1 year.
  - **-** Angular 2/4-Slim micro framework for PHP- Restful API 1 year.
  - **-** Nodejs-Express-GraphQL (GraphQL is the alternative of Rest API).
- ✓ **Flash banner designs** for websites using Adobe Flash Professional
- ✓ **Perfect database design** using Microsoft Access
- ✓ **Network Implementation** (file and printer sharing, CISCO routers & switches, nano routers, UTP STP SFTP crimp "crossover," "straight," "rollover," etc.)

- ✓ **Network simulation design** using GNS3 and packet tracer programs with: OSPF, RIP, EIGRP, STATIC route, and others)
- ✓ **Excellent advertising design** using Adobe Photoshop
- ✓ Skilled use of the entire **Microsoft Office** family
- ✓ Extremely-skilled in **troubleshooting software** problems
- ✓ Outstanding skill in **connecting & troubleshooting computer components**
- ✓ **Installation and administration of Windows OS** (all versions)

SKILLS & STRENGTHS:

- ❖ Fluent in Arabic and good in English (speaking and writing).
- ❖ Highly-energetic & self-motivated.
- ❖ High-ability to work under pressure.
- ❖ Always prompt.
- ❖ Intelligence & open-minded to learn, execute, and develop abilities.
